# *Flutterpillar*

This adorable little musical is about a caterpillar who wishes she could be a butterfly. She tries fluttering her legs, but that just makes the animals laugh. ‘You’ll never be a butterfly,’ they say. ‘You’ve got no wings!’ Trying to be kind, they suggest that perhaps she’s a ‘flutterpillar’, although of course there is no such thing.

Wanting a better view of the butterflies, Flutterpillar climbs up into a bush. As she hides among the leaves to keep safe, something magical happens! Her caterpillar skin starts to shed and a chrysalis begins to form. Safe within her chrysalis, Flutterpillar has a good rest. When it’s time for her to wake up, she has turned into a butterfly! Her dream has come true.

# *There's a sunflower in my supper!*

Daisy the cow has a dream — to grow a glorious garden ‘full of flowers and plants and trees and fruit and vegetables and everything’... but grumpy Mr Bull and all the other cows only want to grow grass for their supper. They give Daisy strict instructions only to buy grass seeds at the market, but on her way back, Daisy finds a mysterious seed. Scared of what the other cows might think, she hides it away to grow in secret, but absolutely nothing happens. Thankfully, Wise Old Owl is on hand to show Daisy what seeds need in order to grow. What will grow from the seed? Will the cows come around to Daisy’s dream and realise all the benefits of a growing garden? Will Mr Bull ever calm down?

# *The Bee Musical*

Every busy bee in Mr Waxworth's hive is eager to do their part – except for one. Poor Grumble Bee! She just wants to do something special with her life and doesn't see the point of finding nectar and collecting pollen all day long. After all, what's important about that?

But, when world bee colonies start collapsing and a shortage of plants means they are unable to pollinate all sorts of food types or even feed themselves, Mr Waxworth and the bees put on their thinking caps to do something about it.

Will the buzz surrounding the bees' most exciting play of the year, 'THE BEE'S KNEES', help Grumble Bee to realise just how vital the work of the bee is and convince everyone else to do their part to save the bees?
